

19 June 2018

Dear colleague,

Have your say on the future of our hospital services

As you are aware, the public consultation on the Future Fit proposals is now underway. The proposal is to transform our hospitals so that one becomes an Emergency Care site and the other becomes a Planned Care site, with a 24-hour Urgent Care Centre at both hospitals.

We are writing this letter to stress how crucial it is that everyone has their say, including all of our people who work in our local NHS and care environments. Please be assured that all of our people are free to express their views without fear or favour on the outcome of the consultation. This is our chance to shape a new future and every voice is equally important and valid.

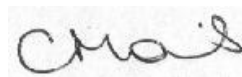

Every opinion matters so please ensure you have your say before the closing date of 4 September 2018.

Please visit the website www.nhsfuturefit.org where you can access the consultation documents, FAQs, dates of events, videos and fill out the online survey. If you would like to be sent hard copies of the consultation documents, please email nhsfuturefit@nhs.net or call 0300 30000 903.

Yours sincerely

Simon Wright
Chief Executive Officer
